BUSINESS PROCESS SUPPORT WITH PLUS WORKFLOW IN BUDMAT

BUDMAT IS THE LEADING MANUFACTURER OF ROOFS, ELEVATIONS AND GUTTERS IN EUROPE. THE COMPANY HAS MODERN FACTORIES IN PŁOCK, CIECHANÓW, OSTROWIEC ŚWIĘTOKRZYSTKI AND WŁOCŁAWEK. BUDMAT OWNS ALSO THE FOLLOWING BRANCHES: BUDMAT TRANSPORT, PROVIDING SHIPPING AND TRANSPORT SERVICES, BUDMAT MATERIAŁY BUDOWLANE AND BUDMAT POŁUDNIE IN OSTROWIEC ŚWIĘTOKRZYSKI – THE PRODUCER OF WINDOW REINFORCEMENT. THE COMPANY HAS BEEN GRANTED WITH 'FILARY POLSKIEJ GOSPODARKI' FOR EXCESSIVE ENGAGEMENT IN DEVELOPMENT AND FOR PROVIDING HIGH QUALITY PRODUCTS.

IMPLEMENTED BUSINESS AND TECHNICAL SOLUTIONS

Nowadays companies decide to employ IT system for document and business process management in order to reduce costs of everyday activity. BUDMAT has chosen Plus Workflow offered by Suncode for that purpose.

Dynamic company development and, therefore, more complicated business processes forced BUDMAT to make a decision about IT solution for process support.

The main purpose of the organization was to optimize operating costs of the company and ensuring an access to key information. Since Plus Workflow has in its structure integrated electronic document repository, it has been chosen as a tool for these purposes.

At the first stage of the implementation project, BUDMAT has run processes of requisition application and acceptance together with purchase invoice acceptance. Linking invoices with orders has contributed to the reduction time of invoice and costs acceptance. Additionally, the integration of Plus Workflow with Dynamics GP has significantly reduced labor intensity of Accountant Department.

Nextly, in Plus Workflow the process of contracts archiving and files management, as well as Delivery Notes (DN) and invoices archiving have been reflected.

We are happy of our cooperation with Suncode and with the course of the project. Suncode's consultants were very professional and were extremely engaged in our project. Starting from pre-implementation analysis and ending on running the system. It is worth to notice that Plus Workflow has been integrated with Dynamics GP which is used in our company. – Andrzej Garlicki, Project Manager

We are glad that another big company is using Plus Workflow and that long-lasting cooperation with BUDMAT has resulted in another project aiming to optimize the process of complaints – Tomasz Szlachta, Suncode's Sales Director.

The implementation of Plus Workflow in BUDMAT have given the company the tool enabling process realization in IT environment. The system enables the management of both paper and electronic documents.
